

QUEENSWOOD SCHOOL

Strengthening Our Community

Health and Safety Policy

STATUTORY POLICY

Agreed by Governors: July 2018

To be reviewed: July 2019

1: SCHOOL HEALTH AND SAFETY POLICY STATEMENT

The School Governors and Headteacher recognise their responsibility to provide a safe and healthy environment for staff, pupils, visitors and contractors at the premises and those affected by the school's activities elsewhere. The governors and Headteacher will, so far as is reasonably practicable, ensure a safe place of work and safe systems of work.

In order to implement this policy the Governors and Headteacher undertake, so far as is reasonably practicable, to:

- seek the co-operation, through consultation and involvement, of all employees with a view to implementing the requirements of the Health and Safety at Work Act 1974, and associated legislation;
- maintain all places of work, including the means of access and exit from such places, in a safe condition and ensure that work equipment and systems of work are maintained to be safe and without risks to health;
- provide and maintain facilities and arrangements for the welfare of employees and pupils, including adequate provision for first aid treatment;
- ensure safety and the absence of risks to health and damage to the general environment in connection with the use, handling, storage, transport and disposal of articles and substances, and to provide appropriate personal protective equipment where necessary.
- bring to the attention of all employees, pupils, volunteers, visitors, and contractors, at the school premises, their responsibilities with regards to their own safety and the safety of others who may be affected by their acts or omissions. This will involve the provision of an initial induction and further information, training and supervision as is necessary;
- where we are unable to eliminate risk, we will mitigate the effects by: identification of the risk then the by implementing control measures, and bring such hazards to the attention of employees and others who may be affected. This will include procedures for use in the event of a serious risk or imminent danger such as a fire.

In addition, the Governors and Headteacher will:

- keep abreast of legislation and best practice by ensuring that adequate and appropriate advice is provided by persons competent in health and safety matters;
- allocate sufficient resources to ensure effective safety management;
- monitoring health and safety performance on a regular basis and keep necessary records;
- bring this policy statement and relevant safety arrangements to the attention of all employees and, as appropriate, other persons affected by the school's activities,
- review and amend this policy statement, organisation and arrangements as often as necessary.

2. KEY PERSONNEL WITH HEALTH AND SAFETY RESPONSIBILITIES

TITLE	NAME
Chair of Governors	Paul Dyson
School Governors	Andrew Murray
Staff Health & Safety Committee	Not applicable
Headteacher	Judi Clarke
School Teaching Staff	Liz Willoughby Georgie Harries Rebecca Ball Alison Melville Mel Buttery
Teaching Assistants	Tina Houston Trina Lowe Jagjit Sanghera Mandy Growcott Vera Jones Ashley John Hilary Harris Julie Doody Sara Gomez-Williams Toni Cain Tina Marshall Tracey Ricketts Jane Sunmall Harry Long Lisa Batchelor
Lunch time supervisor	Kirsty Coulbeck Sara Gomex-Williams Julie Doody Louise Neeson
School Health and Safety Coordinator	Judi Clarke
Cleaner	Julie Doody Tina Houlston Hilary Harris Jagjit Sanghera
Administrator	Marie Stephens
Caretaker	Paul Green

Health, Safety and Welfare Advice and Training:

Telford & Wrekin Council's Health, Safety & Resilience Manager
 Health and Safety Adviser for Schools
 Corporate Health and Safety Training

01952 383627
 01952 383629
 01952 383618

Fire Control/Emergency Evacuation:

Fire Safety Officer (Shropshire Fire & Rescue Service)
 Nominated Premise Fire/Emergency Co-ordinator:
 Deputy Fire/Emergency Co-ordinator:

01743 260260
 Judi Clarke
 Liz Willoughby

Reporting and Recording of Accidents etc:

Persons nominated for overseeing the recording and notification of accidents, near misses, violent incidents, diseases and dangerous occurrences: Marie Stephens

First Aid

Paediatric First Aiders:

Mel Buttery - Paediatric first aid
Alison Melville - Paediatric first aid
Tina Houlston - Paediatric first aid
Lisa Batchelor – Paediatric first aid
Trina Lowe - Paediatric first aid
Jagjit Sanghera - Paediatric first aid
Mandy Growcott - Paediatric first aid
Liz Willoughby - Paediatric first aid
Rebecca Bourne - Paediatric first aid
Georgie Harries - Paediatric first aid
Kirsty Coulbeck - Paediatric first aid
Louise Neeson - Paediatric first aid

Educational Visits Co-ordinator (EVC):

Liz Willoughby (Co-ordinator)
Judi Clarke (Assistant Co-ordinator)

Asbestos and Legionnaires Coordinator:

Judi Clarke
Marie Stephens

Portable Electrical Appliance Testing Nominated Co-ordinator:

Marie Stephens
Judi Clarke

Control of Substances Hazardous to Health Assessment Co-ordinators (COSHH)

Judi Clarke
Marie Stephens

Risk Assessment Co-ordinator

Liz Willoughby
Judi Clarke

3. RESPONSIBILITIES OF NOMINATED PERSONNEL

3.1 School Governors

- will be responsible in conjunction with the Headteacher to ensure formulation, reviewing and subsequent amendment to the Health and Safety Policy
- will ensure the Health and safety Policy is translated into effective action at all levels within the school
- will ensure that the school complies with Health and Safety Legislation and that Codes of Practice and Guidance are followed to ensure safe working practices
- will ensure that staff training provided is sufficient.
- will ensure that Health and Safety is put on the agenda of every main governor's meeting
- in liaison with the Headteacher, will ensure that professional, competent health and safety advice is available
- in liaison with the Headteacher, will ensure that there is a nominated Health and Safety Coordinator appointed for the school premises
- will make adequate financial provision for enabling the policy to be put into effect
- will ensure the effectiveness of the policy and the safety performance of the school is monitored on a regular basis
- will ensure the health and safety policy is amended whenever necessary
- will promote a positive culture and an interest in health and safety matters throughout the school
- will ensure that the Fire Risk Assessment is reviewed annually in conjunction with the Headteacher
- will ensure the Asbestos Management Plan is completed on receipt of the Asbestos Survey Report in conjunction with the Headteacher

3.2 The Headteacher

- will be responsible for the implementation of the Health and Safety Policy and will liaise with the Governors to ensure full compliance with all its requirements
- will appoint key personnel to take responsibility for operational health, safety and welfare issues
- will periodically review the policy and draft amendments to it whenever necessary
- will monitor the safety performance and take such steps as may be necessary to improve performance
- will ensure that all employees have access to a copy of the school's health and safety policy and are aware of their responsibilities.
- will ensure that effective channels of communication and consultation with staff and safety representatives are maintained
- will be responsible for facilitating the necessary health and safety training for staff, in order for them to undertake their work safely (if not identify a suitable provider for said purpose)
- will ensure that suitable and sufficient assessments of risks to the health and safety of all persons on the school premises or affected by school activities are carried out and that risks are controlled by effective and proportionate means. The assessments are recorded, together with the significant findings of the assessment and highlight any employees identified as being especially at risk
- will promote a positive culture and an interest in health and safety matters throughout the school
- will ensure that appropriate staff liaise with subject advisers and health and safety officer/coordinator on health and safety matters

- will make recommendations for improvement and present an annual report on Health and Safety to the Governing Body
- will be responsible for dealing with visits from the Health and Safety Executive and other enforcing agencies
- will be responsible for ensuring that the Fire Risk Assessment has been completed and is reviewed at least annually
- will be responsible for ensuring that the Asbestos Survey Report is reviewed and an Asbestos Management Plan is completed and reviewed annually
- will be responsible for ensuring that there is liaison with the LA on matters of health and safety relating to electricity, gas, water supplies, waste disposal, safe access of pedestrians and vehicles, building regulations and planning;
- will be responsible for ensuring that health and safety repairs and necessary emergency work required to ensure the health and safety of staff, pupils and others are undertaken;
- will be responsible for ensuring that plans, schedules and other data relating to the maintenance and building alterations as they affect health and safety issues are maintained;
- will encourage a positive approach to accident prevention and the health and safety of staff, pupils and others on the school premises and affected by school activities
- will carry out investigations and periodically inspect the premises and activities in order to determine whether the law is being complied with and whether adequate standards of health, safety and welfare are being achieved
- will ensure that effective measures are in place to deal with and prevent emergencies, this includes the organisation of periodic fire drills and all necessary checks to safety equipment (Fire Extinguishers, First Aid Kits, Electrical Equipment (PAT testing) etc)
- will ensure that all staff regularly check the electrical leads and plugs of the equipment they use. A system to report any defects e.g. will set up a defects book so that defective equipment can be taken out of use and repaired by a competent person. The Cleaner in charge will be responsible for checking electrical items of cleaning equipment
- will liaise with and seek advice from outside Health and Safety Advisers (e.g. Corporate Health and Safety Adviser), Enforcement Authorities (Health and Safety Executive and Environmental Health Officers, The Fire Prevention Officer, etc) when necessary.
- will ensure that they understand current legislation affecting health, safety and welfare of staff, pupils and others.
- will identify health and safety repairs and put into operation as necessary emergency work required to ensure the health and safety of staff, pupils and others;
- will maintain plans, schedules and other data relating to the maintenance and building alterations as they affect health and safety issues;
- will liaise with the LA on matters of health and safety relating to electricity, gas, water supplies, waste disposal, safe access of pedestrians and vehicles, building regulations and planning;
- will ensure that vehicles belonging to the school are maintained in a safe condition.

3.4 Deputy Head

- will ensure that staff under their immediate control are familiar with those parts of the Health and Safety Policy that apply to the work they do;
- will arrange for staff under their immediate control to receive, adequate and appropriate training and information in health and safety matters to enable them to undertake their job safely
- will work to achieve and maintain good standards of health and safety performance within the department

- will ensure that staff are conversant with and comply with current legislation affecting the health, safety and welfare of staff, pupils and others
- will advise the Headteacher of all matters requiring attention with regard to health and safety
- will liaise on, health and safety matters, with Local Authority School Improvement Advisers and Health and Safety Advisers
- will promote a positive culture and an interest in health and safety matters throughout the school.

3.5 Teaching Staff

- will be responsible for their own health and safety and that of the pupils and others who may be affected by what they do;
- will co-operate with school management on matters of health and safety and will not interfere with or misuse anything provided in the interest of health and safety;
- will identify the additional safety precautions needed if they teach in laboratories, workshops or other potentially hazardous areas and be aware of specific guidelines and specialist publications from bodies such as the CLEAPPS, DATA, the Association of Science Education and AFPE (Association of Physical Education)
- will promptly report all accidents, dangerous occurrences and potentially dangerous practices and situations (Near misses) to Management\Health and Safety Coordinator etc. as appropriate.

3.6 Support Staff

- will be responsible for their own health and safety and that of the pupils and others who may be affected by what they do
- will co-operate with school management on matters of health and safety and will not interfere with or misuse anything provided in the interest of health and safety
- will promptly report all accidents, dangerous occurrences and potentially dangerous practices and situations to the Headteacher\delegated senior member of staff\line manager.

4. GOVERNORS – HEALTH & SAFETY COMMITTEE

Health & Safety Committee is subsumed under the full governing body. Health & safety is a standing agenda item. The governing body meets half termly, agenda items can be added through the Headteacher.

5. STAFF – HEALTH AND SAFETY COMMITTEE

The school does not have a health & safety committee. In the event of one being requested by staff and union representatives then one would be created. Model terms of reference are detailed below.

Terms of Reference

The committee's main purpose is to ensure the safety and wellbeing of all users of the school through the consideration and monitoring of:

- Health & safety policies and their application
- The school emergency plan

- Audit and inspection reports/surveys
- The condition of the school building
- Health & safety communication
- Serious incident/Near miss reports

The committee shall also recommend proposed improvements, where required.

Membership

The committee shall comprise one member, appointed from the Governing Body, Headteacher and six members of staff.

Quorum

A quorum shall consist of any four members.

6. SCHOOL HEALTH AND SAFETY POLICY ARRANGEMENTS

6.1 ACCESS ON TO AND EXIT FROM THE SCHOOL SITE

The school premises is organised in such a way as to ensure that pedestrian and restricted traffic can circulate in a safe manner. Signage and road markings have been put in place for parking. Barriers are in place to control the risk of children coming into contact with vehicles when walking along the footpaths on site.

Parents/carers/guardians/ are responsible for the health, safety and welfare of their children until handed over at the classroom doors.

6.2 ACCIDENTS, INCIDENTS AND NEAR MISSES AND ACCIDENT REPORTING

See Accident Reporting Procedure:

<http://ecouncil/CommunityProtection/OccupationalHealthSafety/Documents/Accident%20Reporting%20and%20Investigation%20Procedure%20e.DOC>

If there is any uncertainty about what needs reporting staff can contact the Health and Safety Advisors for advice and support 01952 383629. Staff should be aware that in the event of a serious accident/injury the Health and Safety Advisors may need to investigate the incident. Therefore it is advisable to take witness statements and photos of the site of the incident as soon as possible while it is still fresh in everyone's mind. If possible to secure the scene for further investigation.

The report form will be completed by the Headteacher or nominated senior member of staff in their absence.

- A copy is retained for the school files in the main office,
- A copy must be sent to: Gill Knowles, BIT, Wellington Civic & Leisure Centre (2nd Floor Mezz), Larkin Way, off Tan bank, Telford TF1 1LX

Also see section 6.10 for recording minor injuries and first aid treatment.

Reviewing accidents

An analysis of the accident reports and near-misses will be undertaken at intervals and considered by both school management and the Governor with Health and Safety Responsibilities for consideration of further action.

STAFF must be aware of the following:

- Parents are advised of incidents in writing by means of a note where deemed necessary. Details of the injury, time and date must be included, this is essential for head injuries. Parent slips are kept by the accident book in the administrator's office.
- Information about children's allergies are readily accessible to staff and supply teachers on the register sheet.

6.3 ASBESTOS

Staff will be made aware of the areas in the school where there is known to be asbestos. This is to ensure they understand how it is being managed and what to do in the event that they notice that it is becoming damaged.

Staff will be made aware that they must not disturb areas where there is known asbestos. If there are any concerns they must contact the Headteacher, Administrator and/or Caretaker.

The Asbestos Survey is kept in reception and will be brought to the attention of all contractors whose work will or could disturb the fabric of the building. The school specific Asbestos Management plan is located in the front of the survey (HSE suggests that we need one).

6.4 BAD WEATHER CONTINGENCY PLANS

Site staff will be responsible for ensuring the site remains in a safe condition and will produce a risk assessment for gritting the site during icy and snowy conditions. Staff must stick to the agreed routes during icy/snowy conditions because some areas may not have been gritted. Staff will be notified of these areas and/or they will be cordoned off.

6.5 CHEMICAL AND SUBSTANCE SAFETY

NO SUBSTANCES WILL BE USED OR GENERATED WITHIN THE SCHOOL UNLESS AN ASSESSMENT OF THE RISKS THAT THEY PRESENT HAS BEEN MADE.

Whenever the school intends to use, or create a substance that could be a risk to the health of staff, pupils and others, the School's COSHH Assessment Co-ordinators (named in section 2) will:

- identify and control these substances, minimising the risk of exposure to staff and others.
- ensure staff are aware that certain substances are hazardous to health. Wherever possible these will be taken out of use. Where substitution proves to be impracticable then a full COSHH risk assessment will need to be carried out and documented. Copies of these documents will be available on the intranet.
- ensure all users are informed, trained and instructed in the safe use of these substances and have access to the COSHH assessments.
- ensure staff know that they are to read labels and instructions, practise sensible, safe working habits and follow and understand the emergency procedures.
- ensure equipment is used as instructed.

- ensure personal protective equipment/clothing is available and used when required (See Section 5.16 PPE.) All staff must be aware that they have a responsibility for reporting hazards, potential hazards and "near misses" to the Headteacher or if not available, administrator

6.6 COMPUTERS

Staff who use computers, including laptops, for 1 hour or more at any one time during their working day must undertake a workstation risk assessment.

Speak to the Headteacher who will be able to give you a copy of the self assessment and run through the procedure. If any changes or equipment are required that cannot be resolved directly by the user then report back to your Headteacher/line manager who will see if it is appropriate to order the equipment e.g. screen riser, foot rest etc. Further advice can be obtained from the Health and Safety Advisor.

6.7 CONFIDENTIAL COUNSELLING SERVICE

Telford & Wrekin Council provides a confidential counselling service for all employees. Governors commend the use of this service to staff. Staff can find out more details through leaflets in the staffroom, policies folder on the network or through the Headteacher.

6.8 CONTRACTORS

All contractors working on the school premises are to report to the school office prior to starting work. They must be shown the relevant part of the asbestos survey and sign the ASBESTOS SIGNATURE SHEET to indicate that they will be expected to operate within the guidelines set to avoid disturbance of asbestos

For extensive work or high risk jobs the contractor must comply with the recommendations and procedures issued by Telford & Wrekin Council and current health and safety legislation. Close liaison between the Council representative and contractors must be maintained.

The procedure for this type of work will be agreed prior to work commencing and amended during the work activity as necessary especially when there are unforeseen developments.

School safety arrangements regarding contractors

Telford & Wrekin Council requires contractors included on their approved list to be CHAS registered or registered by another of the other Safety Schemes in Procurement. This provides a measure of confidence in the contractor's ability to manage health and safety. Schools should select contractors from the approved list wherever possible.

Once a competent contractor has been appointed the school will:

- discuss with the contractor details of current relevant issues, supported by documentation where necessary;
- require the contractor to provide method statements, permits to work etc., as applicable;
- seek confirmation that the contractor agrees to work in accordance with the School's Health and Safety Policy and arrangements, and the health and safety requirements that are laid down in the contract;
- clarify the responsibility for provision of first aid and fire fighting equipment and the procedures to be followed in the event of emergency;
- obtain details of articles and hazardous substances intended to be brought onto site, including any arrangements for safe transportation, handling, use, storage and disposal;

- obtain details of plant and equipment brought onto site, including arrangements for storage, use, maintenance and inspection;
- agree key points of contact, arrangements for communication during work, including arrangements for reporting problems or stopping work in cases where there is a serious risk
- agree arrangements for suitable working times and segregation of school activities from the contractors work areas;
- seek confirmation that all workers are suitably qualified and competent for the work

6.9 FIRE SAFETY AND EMERGENCY EVACUATION

The Fire Risk assessment is in the Fire Safety file on the network. This is reviewed on an annual basis unless there are significant changes before this. An assessment of the risks of fire is carried out by the Headteacher in conjunction with experts. As a result of the assessment, if any additional precautions are identified as necessary the school will implement these as a matter of priority.

Notices setting out emergency evacuation procedures are displayed at key points around the school.

Emergency exit doors and routes are to be kept clear at all times and not obstructed at any time. All fire doors are kept permanently unlocked while the premises are in use.

The Caretaker checks all firefighting and detection equipment to ensure that is present in the correct locations and has been subject to a service check within the last 12 months. In addition there is an annual check of all fire extinguishers by an outside contractor.

The fire alarms are tested weekly by Caretaker and emergency lighting monthly. Records are kept in the book found in reception.

Notices around school have the following information. (Signs should comply with Health and Safety (Signs and Signal) Regulations 1996)

**FIRE ALARM / BOMB THREAT INSTRUCTIONS:
IF YOU DISCOVER A FIRE**

Press the fire alarm nearest to where you are:

1. **The alarm will sound.**
2. **Pupils and staff will walk out of school by the nearest safe exit**
3. **Classes line up**
4. **..... to take Attendance Registers and check that all children in their classes are out of the building.will check the toilets and restrooms.**
5. **DO NOT PANIC. Walk quickly and quietly in line, DO NOT return to the classroom or cloakroom to pick up personal belongings.**
6. **Await further instruction before returning to the building.**

Fire drills take place every term. Details are recorded and notes made of any problems which need remedying.

- In the case of a fire, the first requirement is for staff to ensure the safe evacuation of all persons from the building to the safe places (Rendezvous points) indicated on the fire procedures notices. The building should NOT then be re-entered until it has been confirmed that it is safe to do so.
- The Fire Brigade will be summoned by Security Wise or in their absence by the Headteacher.
- The last person from each key stage will act as a fire marshal and sweep their designated areas and report to the 'Person in Charge'
- All attendance registers will be properly marked for the morning and afternoon sessions. The office staff will take the registers from the emergency box.
- A roll call will be taken when all have reached the place of safety (RVP).
- All visitors/contractors report their presence on site to reception and sign the 'Visitors' book and ensure they are familiar with the fire precautions. Reception staff must remind visitors to read the emergency arrangements.
- In the event that anyone by reason of any sort of disability or special need on the premises would be unable to evacuate the building without assistance a Personal Emergency Evacuation Plan will be drawn up, agreed with them if possible and implemented.
- Staff or others taking after school clubs must ensure they are familiar with the fire precautions.
- The school premises are organised in such a way as to ensure that adults and children can circulate in a safe manner.
- All access routes will be maintained in a safe condition and be free from obstructions. So far as reasonably practicable. Any hole, slope, uneven or slippery surface which is likely to cause a person to slip, trip or fall preventing them getting out of the building safety will be repaired.
- Drills to practice evacuation of the playground and field will take place annually.

6.10 FIRST AID

The school will ensure that first aid can be rendered to staff and pupils should they be injured or become ill. A risk assessment has been undertaken to ensure the provision is suitable for the school at all times including out of normal working hours and on visits and journeys.

If immediate medical assistance is thought to be necessary, parents/carers will be contacted. However, should the parent(s)/carers be unavailable medical assistance will be sought by the school and the child will be accompanied to the doctor or hospital by a member of staff.

The school seeks to ensure that every class teacher and lunchtime staff have additional paediatric training. In addition all EYFS staff have paediatric first aid.

This training is provided by Telford Occupational Health. Copies of the First Aider's certificates are displayed in the first aid room or see section 2 for names of all the First Aiders within the school.

First Aid Facilities

- The first aid boxes are placed in clearly identified and accessible locations including the first aid room and the main school office.
- Each first aid box contains a list of required first aid items and sufficient quantities of suitable first aid material and nothing else. Contents of the box will be replenished as soon as possible after use in order to ensure there is always adequate supply of all materials.

Additional supplies are available from the office. The administrators are responsible for ensuring these are replenished as soon as possible after use.

- Disposable plastic gloves will be provided in the first aid box which will be properly stored and checked regularly to ensure that they remain in good condition.
- Notices are posted in prominent positions throughout the school giving locations of first aid equipment and the names of the first aiders.

Recording First Aid Treatment

Records of treatment provided will be made in the accident/Incident book for pupils/students. If the incident was work related then this will be reported and recorded using the Telford & Wrekin Accident Report form and a copy kept securely in case of follow up investigation or claim. See section 6.2 for further information on accident/incident reporting.

Administration of Medicines

First Aid does not include administering medicines to children. Staff will require additional training and consent to administer medicines e.g. insulin, use of an epi-pen etc. This will only be after full consultation with the parents and the school nurse.

Staff can be with the child as the child administers their own medicine. Any member of staff witnessing the child taking their medicine must sign a form to confirm this. Where ever possible two members of staff will be present especially when having to administer the medication.

Medicines are kept in the locked cupboard in the first aid room or, if required to be refrigerated can be found stored in the fridge located in the staff room. Any storage of medication for staff must be agreed with the Headteacher and safeguards put in place. Further advice can be found in the Medication in Schools Guidance found in the Education Health & Safety Manual or eCouncil site.

Parents/Guardians will need to fill in a consent form asking for medicine to be stored in the school. Parents/Guardians must be made aware they will be responsible for making sure the medicine is kept within date.

6.11 HOUSEKEEPING

The school has adopted policies and practices which lead to a safe working environment. Good housekeeping is practiced at all times and sets a good example to the children.

- Staff should ensure that all spillages are cleaned up immediately with safe disposal of the waste. If there is a large spillage the cleaner in charge or Caretaker should be contacted to assist.
- All rubbish and waste paper will be disposed of every day so as to minimise the amount of combustible material in case of a fire.
- All storage areas will be kept orderly, safe and provided with easy access.
- The school premises will be cleaned to an acceptable standard on a daily basis.
- Good food hygiene standards are observed by all staff serving school meals.
- All school staff are responsible for reporting health and safety issues as they arise to the Headteacher/person with delegated responsibilities for health and safety.

6.12 LONE WORKING

Working Alone should be avoided wherever possible.

It is recognised that, from time to time, it may be necessary for school employees to work in situations or locations, which are remote from other members of staff. This will include employees working in the evenings, weekends or during the holiday in the school on their own.

In such circumstances, the school will assess the risk to these individuals and introduce suitable controls to ensure that all risks are minimised. A copy of the procedures introduced to control these risks will be available on the intranet.

Any staff wishing to work on the premises outside normal school hours **must** have prior agreement from Headteacher.

Also see section 6.22 for school security and people responding to call-outs

6.13 MANUAL HANDLING

Moving heavy and awkward loads can cause injury. Where staff roles require them to undertake significant manual handling, training will be provided.

A specific manual handling risk assessment will be undertaken for the task and reviewed regularly, staff must follow the control measure at all times.

General manual handling guidance for all staff

To avoid manual handling injuries all staff should follow the basic manual handling procedures:

- Plan the lift before you start.
- Assess the load – if it is awkward or heavy, find out whether there is a mechanical aid to use e.g. trolley or a second person to help.
- Ensure the route you are going to take is the most direct, clear from obstruction and as flat as is possible. When you off-load the object make sure the area is clear for you to do so.
- When lifting bend your knees and keep your back straight, feet apart and angled out and ensure the load is held close to the body and firmly.
- Lift smoothly and slowly and avoid twisting, stretching and reaching where practicable.

6.14 MINI-BUS USE

- The School does not own or hire minibuses. Instead it relies on the use of hired coaches and drivers. If the need to use a minibus were to arise then advice would be sought from the Local Authority.

6.15 OUT OF HOURS USE OF SCHOOL PREMISES

Consideration will be given to persons using the premises outside school hours in order to ensure their safety.

A responsible person will be nominated to represent the school and a user representative sought for liaison, to ensure that all visitors understand the procedures to be adopted in the case of fire/emergency evacuation, first aid provision, and safe use of buildings, equipment, substances and other facilities.

There will be control over the number of persons attending functions at the school to ensure that they could all evacuate quickly and safely in the event of an emergency. If necessary further advice will be sought from the Fire Safety Officer details are in Section 2. Hirers of the building will be given written emergency procedures they have to comply with and sign to agree to follow the procedures.

Events and entertainment programmes will be scrutinised beforehand with regard to any licensing requirements.

6.16 PARENTAL/ADULT HELP

- All parents and adults must be DBS checked if they offer to help with clubs, transport or any other school activity unless they will have no lone contact.
- When using their own car they must prove that their insurance cover is appropriate to take children on school business and the car is road worthy, taxed and MOT where appropriate.

6.17 PERSONAL PROTECTIVE EQUIPMENT (PPE)

PPE will be provided to staff or pupils where this is a necessary control identified by a risk assessment. This could be eye protection, hearing protection, gloves, high visibility wear, helmets and footwear.

The individual, in consultation with the Headteacher, will be responsible for purchasing the correct type of PPE which is suitable for the task in hand. The person who will be wearing the equipment should be involved in the process of purchase, to ensure that it is correct in size and fit so that it is comfortable to wear.

There will be suitable arrangements in place for the storage, cleaning and replacement of PPE. Staff will receive training as appropriate and will be required to wear the PPE provided. They will be responsible to keep it clean, store it correctly and report any faults so that replacements can be provided.

6.18 PLAY EQUIPMENT (indoor and outdoors).

All play equipment must be used in accordance to the manufacturers/installers instructions and good practice.

All new pupils are given an induction on the equipment before they first use it.

Staff rota for breaktime supervision is sent via email and copies are available in the staffroom. All staff when on duty must visually check the play equipment before the pupils use it and check that the weather conditions are suitable for its use. Headteacher/Playground Supervisor to make the final decision for the equipment to be used.

Indoor and outdoor play equipment weekly/quarterly inspections are undertaken by the Caretaker. Records of the inspections are recorded and kept in reception. Annual inspections are undertaken by 'ROSPA' report kept in reception.

For further information and details of the checks required see the Playground Inspection & Maintenance Guidance contained in the Education Health & Safety Manual or eCouncil site.

6.19 PORTABLE ELECTRICAL APPLIANCE TESTING

The Headteacher or delegated responsible person is responsible for ensuring that all portable electrical equipment is tested regularly by an approved contractor.

A register of all such electrical equipment used in the school is kept in reception.

No equipment other than that purchased as new may be used unless tested. This includes personal equipment brought into school by members of staff. All new equipment must be entered into the register as soon as practicable and not left until required to be tested.

The administrator will be responsible for co-ordinating the registration, inspection and testing of equipment. (See section 2 for name person responsible).

All staff will be instructed to visually check electrical equipment for obvious defects before use.

All hard wired electrical installations are maintained by the Facilities Management Team at Telford & Wrekin Council at least every 5 years unless changes have occurred.

6.20 PREGNANCY AND NEW MOTHERS

Risk assessments must be produced to identify any further precautionary measures/reasonable adjustments that are needed to protect pregnant employees. If you are expecting a baby (or have given birth in the last six months) you will need to let the Headteacher know as soon as possible. Your Headteacher will review the risk assessments applicable to you to ensure that you are as safe as possible during your pregnancy and will take any additional measures needed to protect you.

6.21 RISK ASSESSMENT

The school will assess all risks to safety and health as required by the Management of Health and Safety at Work Regulations.

All significant risks will be recorded on the Telford & Wrekin Council risk assessment template. Risk assessments should be reviewed annually or if significant changes require this to be done earlier. The relevant staff will be made fully aware of any risks or additional control measures required which have been brought about by the changes. This will be monitored by the School's Health and Safety Co-ordinator.

- Risk assessments will be carried out or reviewed before every educational visit
- All P.E. activities will be risk assessed including the use of the outdoor play equipment.
- Arthog Outdoor Education Centre does its own risk assessment which staff are familiar with. They will check the control measures to ensure they correspond with the school risk assessment.

There is guidance on risk assessment in the Education Health & Safety Manual and a resource called the risk assessment bank that can be used to help record suitable risk assessments. Training on risk assessment can be provided by Telford & Wrekin Council's Workforce Development Team.

6.22 SCHOOL SECURITY (Safeguarding)

This will be monitored at least annually by the governing body.

- Gates are closed all day.
- The school office monitors those that come to the door at reception before deciding who to let into the building.
- All visitors sign in and out and wear badges of identification or a visitor's badge.
- The main doors have good locking mechanisms.
- Intruder alarms are installed.
- The following staff have a set of keys to access the school at any time:
 - Caretaker
 - Headteacher
 - Deputy Headteacher

- They can also activate the school's electronic security system. The Administrator has a full inventory of key holders and keys that have been allocated.
- Blinds or curtains have been installed in all classrooms and corridors for security, the classroom blinds or curtains are closed at the end of each school day.

The Caretaker is responsible for the security of the school at the end of the day by ensuring that doors, windows, skylights etc are secured. All staff have responsibilities for ensuring their classroom windows are shut and lights and computers are switched off at the end of the day.

Responding to call outs

The following are the school's nominated representatives who will respond in the event of an out-of-hours call out:

- Caretaker
- Headteacher
- Deputy Headteacher

The school has assessed the risks to these individuals and introduced suitable control measures to ensure that all risks are minimised. All nominated staff have been trained in how to deal with violence and aggression and will be supported if an incident occurs.

Lone person attends

If anyone has to attend to a call out on their own, procedures must be in place so that the individual on site keeps in contact with someone on arrival at site, at regular intervals whilst on site, when leaving site and on arriving safely at home. If the lone worker fails to make contact within the agreed time further steps to establish their whereabouts will be needed. Also see section 6.12 Lone Working.

No employee will enter a building alone unless there is an urgent and important need to do so before assistance arrives. No employee is expected to enter a building where it is believed there is a significant risk.

A copy of the detailed procedures introduced to control these risks will be kept on the intranet, under Health & Safety.

Following any event the risk assessment should be reviewed and further control measures implemented where appropriate.

6.23 SMOKING

Everyone's health is important so smoking is not permitted during the school day either by staff or pupils whilst on the school premises. See the smoking policy for full details. If you would like some help to give up smoking the Telford & Wrekin Council Occupational Health Team can give advice.

6.24 STRESS

Although pressure is necessary for us to live normal lives, excessive pressure can cause stress which in turn can lead to real physical and mental problems. Training is available on handling personal stress and employees are encouraged to take their PPA time and take regular exercise. Heads are expected to be able to recognise and manage stress and try to promote a harmonious working environment within their teams.

If you feel that work is causing you to have too much stress or even that stress caused by other things is affecting you at work, then you need to tell your manager/Headteacher or contact the Telford & Wrekin Occupational Health Team (tel: 383630/383631). If you wish, all such contact

can be confidential. All employees can also contact one of the independent employee counsellors for free, confidential counselling. Leaflets giving the numbers are available in school in the staff room, on the intranet under policies and on the eCouncil site.

6.25 SUPERVISION OF PUPILS

The school will be open from 8:45am to 3:10pm on weekdays during term times. Between these times supervision will be provided. Pupils will not be allowed on site outside these times other than in organised clubs. Parents are informed of the details of the school arrangement at the beginning of the school year and reminders sent throughout the year when necessary. The school provides arrangements for Breakfast Club and this covers the following times 8:00 – 8:50.

The school arrangements must contain the following:

- Supervision ratios and locations between school opening and lesson start time
- Supervision ratios and locations at break and lunchtimes
- Supervision ratios and locations between end of lessons and school closing time
- Areas to be used by pupils outside lesson times

6.26 TRAINING IN HEALTH AND SAFETY

Training on various aspects of health and safety is a legal requirement. Initial training is organised on induction and more specialist training is arranged as needed. Some training may be provided on the job. Your head teacher or manager will have details of any courses you need to attend or other opportunities to improve your health and safety skills. You should be given the opportunity to put your health and safety skills into practice and your head teacher or manager will need to follow up to check that the training you've received has been effective.

Some training is very specific to the job you are doing and should be undertaken *before* commencing work. Examples include The Moving and Handling of People, Driving Skills and Control of Substances Hazardous to Health.

One of the core competencies for Headteachers and managers is health and safety and all Headteachers and managers will be assessed on this and encouraged to improve their skills and knowledge.

6.27 VIOLENCE

The School follows Telford & Wrekin Council's Policy and Guidance on Personal Safety at work. The Headteacher is responsible for ensuring that **all** staff:

- are aware of the policy and procedures for avoiding violence at work and reporting and recording all incidents of verbal and physical abuse see 6.2. for Accident Reporting.
- are aware of Telford & Wrekin Council's arrangements available for victims of violence at work.
- Know that when they have meetings with potentially hostile parents these must be in the presence of another member of staff.

Staff will be trained to handle aggressive or unacceptable behaviour where required.

6.28 VISITS AND JOURNEYS

Telford & Wrekin Council's Educational Visits and Journeys Guidance is followed and the Educational Visits Coordinator (EVC) is listed on page 4 of this policy. The EVC will liaise with the members of staff who will be undertaking the trip to ensure the procedures have been

followed. (N.B. If the EVC is not the Headteacher then the EVC must make sure the Headteacher countersigns the approval documents including the risk assessment.)

Risk assessments for Educational visits

- Teachers will make a pre-visit to the place of their visit where practicable to assess the site/activity.
- They will complete a risk assessment form and return it to the EVC for approval.
- They will read and be aware of the Telford & Wrekin Council Educational Visits and Journeys Guidance.
- They must ensure the ratio of adults to children will comply with Telford & Wrekin Council's Guidance and approved by the EVC\Headteacher.
- They must get the consent of every child's parents/guardian before taking them on a visit. Parents/guardians may have signed a consent form at the beginning of the school year for regular visits that are organised as part of the curriculum.
- On a visit which will extend beyond the school day, the teacher will establish a telephone pyramid in case of a coach breakdown or any other delay.
- First aid provision will be arranged.
- Teachers must remind children to wear seatbelts.
- CRB checks will be required for parents/helpers/volunteers.

6.29 WORKING AT HEIGHT

Working at height, such as on a roof or up a ladder, can be very hazardous. An assessment must be made of the risks from such work, which should be mitigated wherever possible. Equipment used for working at height must be suitable for the job, regularly inspected and well maintained. Relevant staff, particularly caretakers, must have completed ladder safety training if using a ladder is an unavoidable part of their work.

6.30 WORK EQUIPMENT

Work equipment relates to all things that assist you to do your job from tables and chairs, ladders, vacuum cleaners, utensils, computers, photocopiers, fire extinguishers etc.

The equipment must be suitable and fit for purpose. Therefore before any equipment is purchased staff must ensure they understand what is required and consult with all those that will be using the equipment:

- Consideration will be given to the installation, storage and positioning of the equipment.
- Training and use of the equipment will be required and where practical provided by the companies that provide the equipment.
- The equipment will be maintained to ensure that it remains in good condition by the Caretaker or will be under contact for maintenance and repairs either via Telford & Wrekin Council - or the Supplier.

It is the responsibility of the person using the equipment to ensure it is in a safe condition before using it. They may require instruction and/or training before the initial use to know how to undertake the checks.

The school keeps a record of the inspections and checks that are made to all equipment. The log/record is kept in reception.

7. MONITORING AND REVIEW

Internal monitoring and review of the health and safety policy and procedures will be undertaken on an annual basis.

The Headteacher and the governing body will be responsible for reviewing and amending this policy in conjunction with the Annual Health and Safety Self Monitoring Checklist and Fire Risk Assessment which is required by Telford & Wrekin Council.

The school will make arrangements to carry out a systematic and regular programme of monitoring and reviewing of:

1. All accident, near miss and incident reports
2. All advisory reports received
3. All termly audit reports (where appropriate)
4. The annual audit report
5. Progress on health and safety and fire action plans, policy and procedure updates
6. Other information about changes in requirements as they occur.

Aspects of these will be reported on to the appropriate Committee of Governors/Officers responsible for Health and Safety so that any review of policy that may be necessary or contemplated can be informed by them.
